

About the Workshop

Animal husbandry is one of the significant sub-sector of Indian agriculture system and piggery sectors plays an important prime role in sustainable livelihood cum nutritional security of socially weaker section, especially in North-Eastern region of India. In the era of globalization as well as advancement in scientific husbandry of intensive piggery production, the widespread dependence over uncontrolled antibiotic usages either as therapeutics or as growth promoters are perhaps the major driving force in development of “antimicrobial resistance” and it’s dissemination.

The objectives of the workshop is: •To review current antibiotic use and resistance monitoring in piggery sector •To review management practices to reduce antibiotic resistance, and •To review alternatives to the use of antibiotics to treat and prevent diseases or to enhance production in piggery

Guest Speakers

Dr. Sameeran Bondopadhyaya

ICAR-IVRI, Kolkata Regional Center

Topic of lecture (21/12/2020): [Current scenario of AMR in livestock with special reference to the piggery sector](#)

Dr. Indranil Samanta

Assistant Professor, WBUA&FS, Kolkata

Topic of lecture (22/12/2020): [Management of AMR in livestock with special reference to piggery](#)

Dr. Sachinandan De

Principal Scientist, ICAR-NDRI, Karnal

Topic of lecture (23/12/2020): [Biotechnological interventions towards mitigating antimicrobial resistance in livestock: Perspective & challenges](#)

Organizing Committee

Organizing Secretary	: Dr. Swaraj Rajkhowa, Director
Convener	: Dr. Rajib Deb Scientist
Coordinators	: Dr. Seema Rani Pegu, Senior Scientist Dr. Juwar Doley Scientist Dr. Souvik Paul Scientist Dr. Ajay Kumar Yadav Scientist
Co-Coordiators	: Dr. B. C Das, Principal Scientist Dr. Santanu Banik Principal Scientist Dr. Keshab Barman Principal Scientist Dr. Mohan N.H Principal Scientist & ICAR- National Fellow Dr. Rafiqul Islam Principal Scientist Dr. Pranab Jyoti Das Senior Scientist Dr. Rajendran Thomas Senior Scientist Dr. Kalyan De Scientist Dr. Sunil Kumar Scientist Dr. Jaya Scientist Dr. Satish Kumar Scientist Dr. Sheikh Firdous Ahmad Scientist Dr. Nitin M. Attupuram Scientist Ms. Salam Jayachitra Devi Scientist

Note: The certificates will be given for those candidates who will attend all the sessions.

Announcement

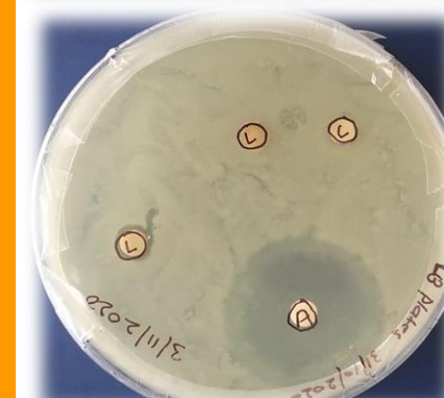

National Workshop cum Webinar on

**Recent trends in Antimicrobial Resistance (AMR)
and it’s mitigation strategies towards augmenting
swine health and productivity**

December 21-23, 2020

Organized by

ICAR-National Research Centre on Pig, Guwahati, Assam

भा.कृ.अनु.प.- राष्ट्रीय शूकर अनुसंधान केंद्र

ICAR- NATIONAL RESEARCH CENTRE ON PIG

RANI, GUWAHATI-781131, Assam
An ISO 9001:2015 Certified Institute
