

**To whom it may concern:**

The Parliamentary Standing Committee on Agriculture has desired that a long term planning for Indian Agriculture is essential to meet these future challenges. Accordingly, Indian Council of Agricultural Research (ICAR) has decided that all the research institutes under ICAR will prepare a perspective plan, that is, the VISION 2050 to tide over the future challenges. The NRC on Pig has prepared a draft document of the VISION 2050 to address the possible challenges in the piggery sector in India through research driven technological innovations.

It is desired that comments on the draft vision 2050 is obtained from the various stakeholders and public to improve the VISION, hence have more refined roadmap plan to address long term challenges faced by pig husbandry in India. Various stakeholders and public are requested to kindly provide comments by post addressed to The Director, NRC on Pig, ICAR, Rani, Guwahati, Assam- 781 131 or through email ([mohan.icar@gmail.com](mailto:mohan.icar@gmail.com)) by **20<sup>th</sup> July, 2013**. The critical comments to improve the vision document will be highly appreciated.
